

# Stainless Steel Wallplate

## With Lockout Bracket

**Cat. No. 40483**

**Cat. No. 40486**

- *Complete with lockout bracket, two tamperproof screws and a spanner bit for easy installation.*
- *Ideal for any application where it is necessary to prevent unauthorized use of a toggle switch.*
- *Turn lockout bracket with identification letter 'T' upright to prevent turn on; turn upside down to prevent turn off.*
- *Wallplate and lockout bracket are made of Type 302 stainless steel to resist corrosion.*
- *Lockout bracket kit (Cat. No. 40484) can be used with any standard toggle wallplate and toggle switch.*
